

RECRUITMENT

Inline Plastics Corporation Shelton

Thursday, December 13, 2018

10:00am to 1:00pm

Hamden American Job Center

37 Marne Street

Positions and Job Orders numbers:

Setup Technician, 1st shift (Job ID#166418): Test, analyze and adjust electro-mechanical devices such as timers, mechanical/solid state relays, solenoid valves, and electrically activated regulators. Should be familiar with major components such as power units, processor operation and simple programming. Must have the ability to make repairs and troubleshoot components with use of meters, blueprints, and other specifications.

Setup Mechanic, 1st Shift (Job ID#166600): Operate, set up, troubleshoot, and perform preventative maintenance on contact heat thermoforming machines.

Machinist/Programmer, 2nd Shift (Job ID#151471): Program, sets up and operate conventional, special purpose, and numerical control (NC) machines and machining centers to fabricate metallic and nonmetallic parts. Must have an understanding of how thermoformed molds are made and thermoformed plastic parts are formed.

Custodian, 2nd shift (Job ID#166412): Keep offices, production, warehouse, cafeterias and restrooms at all facilities (Shelton, Milford and Distribution Center) in clean and orderly condition. Maintain exterior parking lots, buildings and grounds at all facilities.

Competitive pay based on experience and excellent comprehensive benefits package.
